AVE MARIA
ASSISTED LIVING

WITH SOMEONE TO LOOK AFTER THINGS

Maintaining the quality of life.

Coffee and conversation in the lounge. Music, entertainment and day trips to the mall and community events. A garden outside the back door. Friends to share a daily devotional. Delicious home-cooking and fresh linens.

Ave Maria is a lifestyle for seniors who, with a little help can still enjoy the hobbies, friendships and activities they have pursued for a lifetime. Ave Maria Assisted Living serves men and

women of all faiths in a Christ-centered atmosphere.

Someone to look after things.

Ave Maria Assisted Living offers the help and supportive service many seniors need to maintain the delicate balance between independence and assistance. Assistance with a bath and medications, transportation to the doctor and the mall, housekeeping and linen services are all provided at Ave Maria Assisted Living. The specially trained staff members are attentive to the needs of seniors. The residents maintain dignity and self-reliance.

The luxury seniors deserve.

Ave Maria is located in Bartlett in a comfortable suburban, residential setting. It is a beautiful community with one and two-bedroom private apartments. The apartments are spacious with large closets, wall-to-wall carpeting, bright decor, plus all the special equipment that allows seniors to be safely self-reliant.

The dining room provides an elegant setting for socializing during meal time. Three delicious meals are served every day with personalized service by our dining staff. A special private dining room allows residents of Ave Maria Assisted Living to entertain larger groups for special occasions and family events in a more intimate setting.

You're invited to visit.

If someone in your family needs assisted living, please call us for a tour. Families worry about aging parents who live alone. There are many seniors who don't need the expense and limitations of full-time nursing home care. Ave Maria offers a better alternative. Our staff will help identify options, set priorities and assess financial considerations. For more information, or to arrange a visit, please call (901) 386-3211.
